# Figures and illustrations in this User Manual are provided for reference only and may differ from actual product appearance. Product design and specifications may be changed without notice.

### Still image warning

Avoid displaying still images (like jpeg picture files) or still image element (like TV programme logo, panorama or 4:3 image format, stock or news bar at screen bottom etc.) on the screen. Constant displaying of still picture can cause ghosting of LED screen, which will affect image quality. To reduce risk of this effect, please follow below

- Avoid displaying the same TV channel for long periods
- Always try to display any image on full screen, use TV set picture format menu for best possible match.
- Reduce brightness and contrast values to minimum required to achieve desired picture quality, exceeded values may speed up the burnout process.

## Frequently use all TV features designed to reduce image retention and screen burnout, refer to proper user manual section for details.

### For India Only This product is RoHS compliant

(Waste Electrical & Electronic Equipment) (Waste Electrical & Electronic Equipment)

This marking on the product & accessories literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources House hold users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling. ### Important Safety Instructions

### SAMSUNG **Warning! Important Safety Instructions**

### CAUTION RISK OF ELECTRIC SHOCK DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK), THERE ARE NO USER SERVICEABLE PARTS INSIDE. REFER ALL SERVICING TO QUALIFIED PERSONNEL.

(Please read the safety instructions below before installing and using the product.)

This symbol indicates that high voltage is present inside. It is dangerous to make any kind of contact with any internal

· The slots and openings in the cabinet and in the back or bottom are provided for necessary ventilation. To ensure reliable operation of this apparatus, and to protect it from overheating, these slots and openings must never be blocked or covered. Do not cover the slots and openings with a cloth or other materials.

Do not block the slots and openings by placing this apparatus on a bed, sofa, rug or other similar surface

- Do not place this apparatus in a confined space, such as a bookcase or built-in cabinet, unless proper ventilation is provided Do not place this apparatus near or over a radiator or heat register, or where it is exposed to direct sunlight.

Do not place a vessel containing water (vases etc.) on this apparatus, as this can result in a risk of fire or electric shock.

Do not expose this apparatus to rain or place it near water (near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool etc.). If this appratus accidentally gets wet, unplug it and contact an authorised dealer immediately.

Make sure to pull out the power cord from the outlet before cleaning.

This apparatus use batteries. In your community, there might be regulations that require you to dispose of these batteries properly to protect the environment. Please contact your local authorities for disposal or recycling information.

 Do not overload wall outlets, extension cords, or adaptors beyond their capacity, since this can result in fire or electric shock. . Power-supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them. Pay particular attention to cords at the plug end, where connected to adaptors, and at the point where they exit from the apparatus.

. To protect this apparatus from a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and isconnect the antenna or cable system. This will prevent damage to the set due to lightning and power line surges. Before connecting the AC power cord to the DC adaptor outlet, make sure the voltage designation of the DC adaptor corresponds to the local

Never insert anything metallic into the open parts of this apparatus. Doing so may create a danger of electric shock.

. To avoid electric shock, never touch the inside of this apparatus. Only a qualified technician should open this apparatus.

 Make sure to plug the power cord in until it is firmly inserted. Pull on the plug, not the cord, when removing the power cord from the outlet. Do not touch the power cord with wet hands.

 If this appratus does not operate normally - in particular, if there are any unusual sounds or smells coming from it - unplug it immediately and contact an authorised dealer or service centre.

• Be sure to pull the power plug out of the outlet if the TV is to remain unused or if you are to leave the house for an extended period of time (especially when children, elderly or disabled people will be left alone in the house).

- Accumulated dust can cause an electric shock, an electric leakage, or a fire by causing the power cord to generate sparks and heat, or cause

. Be sure to contact an authorised service centre, when installing your set in a location with heavy dust, high or low temperatures, high humidity, chemical substances or where it will operate for 24 hours a day such as in an airport, a train station, etc. Failure to do so may cause serious damage

 Use only a properly grounded plug and receptacle. - An improper ground may cause electric shock or equipment damage. (Class I Equipment only.)

 To turn off the apparatus completely, you must pull the power plug out of the wall socket. Consequently, the power plug should be readily accessible at all times.

 Do not allow children to hang onto the product. • Store the accessories (batteries, etc.) in a location safely out of the reach of children.

. Do not install the product in an unstable location such as a shaky self, a slanted floor, or a location exposed to vibration. . Do not drop or impart a shock to the product. If the product is damaged, disconnect the power cord and contact a service centre.

 To clean the product, unplug the power cord from the power outlet and wipe the product using a soft, dry cloth. Do not use any chemicals such as wax, benzene, alcohol, thinners, insecticide, air freshener, lubricant or detergent. This may damage the appearance or erase the printing on the

Do not expose the apparatus to dripping or splashing.

Do not dispose of batteries in a fire.

• Do not short circuit, disassemble, or overheat the batteries

. There is a danger of explosion if you replace the batteries with the wrong type of battery. Replace only with the same or equivalent type

WARNING - TO PREVENT THE SPREAD OF FIRE, KEEP CANDLES OR OTHER OPEN FLAMES AWAY FROM THIS PRODUCT AT ALL TIMES.
